Pre-Conference Course 4th April, 2018

Emergency Neurological Life Support (ENLS)

What to do in the Critical First Hours of a Neurological Emergency

- The Emergency Neurological Life Support (ENLS) course is designed to help healthcare professionals improve patient care and outcomes during the critical first hours of a patient's neurological emergency.
- ENLS demonstrates a collaborative, multi-disciplinary approach and provides a consistent set of protocols, practical checklists, decision points, and suggested communication to use during patient management.
- This activity is designated for a maximum of 15 AMA PRA CME, ANCC, ACPE and CECBEMS credits upon completion. A certificate can be obtained online.
